Trevor/Randy,

Enrique is the Director of the Superfund Division at EPA Region IX. I was talking to Enrique today about another issue and the recent Gold King Mine issue came up. I told Enrique that the Water Quality Division was taking the lead for ADEQ. He asked that I forward the attached situation report and requested that ADEQ participate on the daily calls (which we might be doing). I've copied Enrique on this email, so he has your contact information. Please let me know if there is anything I can assist with.

Thanks

Laura
